SOFT SKILLS

- AGILE (SCRUM)
- Commitment, Responsibility , Resilience , Team Working, Work Under Pressure.
- Stand Up Comedy

WORK EXPERIENCE

SOFTWARE ENGINEER

CXC | https://cxc.com.mx/ **| 2019**

- Migrated the monolith architecture to a microservices oriented one. Adopting a backend stack based on robust web frameworks (Spring, Flask , Laravel). Containerized tools and a CI / CD stack.
- Redesigned and implemented a new, scalable and high resilient network infrastructure following the CISCO enterprise architecture model.
- Developed WEB API services required to support B2B financial operations with high flexibility, easy to scale and adapt.

JUNIOR ENGINEER

UNAM - NAUM | https://www.dgae.unam.mx/ **| 2017-2018**

- Inside the largest University of LATAM maintained and improved web services to provide resources to over 140 000 aspirants and 150 000 students.

- Implemented SOAP - REST Integration Testing practices using automatizing tools as SOAP UI and IMacros .
- Reported QA metrics and database reporting using SAP-Sybase,

EDUCATION BACKGROUND

NATIONAL AUTONOMUS UNIVERSITY OF MEXICO | NAUM | UNAM
COMPUTER ENGINEERING DEGREE - 2014 - 2019

- Networks & Telecommunications Group
- CISCO CCNA Routing & Switching Program
- Open Source Team

GEOLOGY INSTITUTE | NAUM | UNAM
WEB INTERNSHIP - 2018 - 2019

- Web development using Ruby On Rails
- Services Documentation
